

WWTC House League Rules – 2004

- 1. Captains are obligated to ensure that each member of the team is given the opportunity to play an equal number of matches.**
- 2. The captains will make every attempt to schedule their rosters, regardless of gender, with their strongest two players competing on Court 1, their next strongest on Court 2A and so on. Team captains should be aware of the ability of his/her players, and in the spirit of good sportsmanship, should play their team accordingly.**
- 3. Play full games and sets including tie breakers.**
- 4. Duration of match is 1 1/2 hours maximum. Warm-up time and grace period eat into your playing time. In order to give the next group a fair chance of having a full playing period, please be considerate of your fellow House League participants and be ready to play on time.**
- 5. Grace period for late players is a maximum of 10 minutes. Match is defaulted after the grace period has lapsed.**
- 6. Warm-up time should be limited to 5 minutes so that games can commence no later than 10 minutes past the hour. (Remember, it's your playing time that gets cut short, not the next group's)**
- 7. Each match consists of 2 sets.**
- 8. If time runs out during the second set, the game in progress does not count. The team leading in games wins the set. If tied in games, each team gets half a point for the set.**
- 9. Winners of each set receive one point.**
- 10. Team captains, or their designate, must record the results in the clubhouse after each match.**
- 11. Rainout matches will not be rescheduled. Teams rained out will split the points. Both captains must be in agreement on a rainout decision. (Unplayable - currently raining or court completely wet (with standing water)) (Playable - completely dry or predominantly dry (more dry than wet)).**
- 12. If a match in progress is rained out, the set(s) which is (are) incomplete shall be considered a draw. Each team then receives half a point for each incomplete set.**
- 13. Defaults due to no-shows are an unpleasant occurrence. Courtesy demands that individual players make a commitment not only to their team, but also to the opposition. Each of you has 3 people depending on you. Arrange with your captain what to do if you can't make it**
